

XXX A.T.I.V. CONFERENCE

ADVANCES IN GLASS PROCESSES

(Key innovation topics in hollow and flat glass)

Fiera Milano - Rho

October 8th, 2015

CALL FOR PAPER

CONFERENCE AIMS AND THEMES

A.T.I.V. and Vitrum are pleased to announce the next XXX A.T.I.V. Conference that will be held in Fiera Milano Rho (Italy) on October 8th, 2015. The XXX A.T.I.V. Conference will be a one-day event connected with Vitrum 2015.

The Conference, organized as a joint event by A.T.I.V. (Association of Italian Glass Technologists) and VITRUM (the International trade show specialized in machinery, equipment and systems for flat, bent and hollow glass and in glass and processed products for industry), is part of the institutional activities of A.T.I.V. to promote technical and scientific knowledge and improve the competitive strength of glass industries, their suppliers and customers. The conference will provide a platform to bring transformative innovation, strategy, management and business together to discuss and develop strategies.

The aim of this conference is to **present and discuss advanced glass processes and glass productions** in order to **improve quality and performance**. The conference will maintain the quality of the previous congresses while incorporating new features to learn about the latest innovations in glass technology.

The technical topics will focus on specific needs of glass industries and in particular, we would like to present innovations in glass and innovative technologies for the hollow and flat glass industry.

Conference Technical Committee invites submissions from academics, business executives and consultant.

A technical commission, comprising prominent figures from the technical-productive, scientific and academic worlds, will assess the proposals and select the 12 companies that best demonstrate theirs are truly innovative industrial solutions. These 12 will have the opportunity to present their innovations to the audience.

In connection with the XXX A.T.I.V. Conference, all conference participants will have the opportunity to visit Vitrum and EXPO2015.

XXX A.T.I.V. CONFERENCE

ADVANCES IN GLASS PROCESSES

(Key innovation topics in hollow and flat glass)

Fiera Milano - Rho

October 8th, 2015
